EDUCATION

42 Born to code - 42 - Paris

November 2016 - Now

School that trains computer architects with a peer-to-peer learning method. Providing a lot of autonomy and regularity in the work, and also an approach to group work.

PREPA TSI - Lycée Jules Ferry - Cannes

September 2015 - June 2016

Post-secondary preparatory school TSI (Technologies and Industrial Science). This formation brought me a lot of rigor and seriousness.

STI2D - Lycée des Eucalyptus - Nice

September 2012 - June 2015

A levels obtained with mention in technologies of industry and sustainable development with option in information systems and digital. This sector confirms my interest for new technologies.

INTEREST AND HOBBIES

SPORT

Basket practiced in club, climbing in hobby.

ELECTRONIC

Design and build an automated lawn mower in a school project and a bracelet to detect the movements of the arm at 42.
